NK Proteins

ISO 22000:2005 Certified

SUCCESS IS NOT A GOAL. IT IS A JOURNEY.

Driven by a relentless thirst for excellence, N. K. Proteins began its journey in 1992 and soon became the very first edible oil company in India to get an ISO 22000:2005 certification.

Over the past two decades, we have garnered a reputation of being a R&D and innovation-led company. Today we are one of the leading edible oil manufacturers in western India, led by a proficient management team.

With the promise of innovation and divergence, we are now surging ahead to scale new heights.

READY FOR TODAY. PREPARED FOR TOMORROW.

Keeping in mind the changing needs of our customers, we have diversified into refining all type of edible oils like Cottonseed, Sunflower, Corn/Maize, Groundnut, Soyabean, Mustard and Palm.

We are also one fo the largest manufacturers and exporters of castor oil and its derivatives in India.
